FOR IMMEDIATE RELEASE

NIGHTTIME DEMOLITION OF 42ND AVENUE RETAINING WALL ON NORTHBOUND INTERSTATE 880 WILL TAKE PLACE OVER NEXT THREE WEEKS

ALAMEDA COUNTY – The California Department of Transportation (Caltrans) will begin nighttime demolition construction on Monday, July 9, from 10 p.m. to 5 a.m., on the 42nd Avenue retaining wall, located along northbound Interstate between High Street and 42nd Avenue, to facilitate construction work on the I-880 High Street Seismic Retrofit Project in the City of Oakland.

Demolition of this retaining wall will be conducted over the next three weeks during the month of July twice a week, until Friday, July 27, 2012.

It is the Department's desire and commitment to minimize potential disruptions and inconveniences during this time, while making safety our top priority. Caltrans will continue to inform the public of all scheduled and unscheduled construction events and closures. A website is available to provide the public with the most current updates on this project. Updates on this and other Caltrans' Alameda County projects will also be posted on Twitter at www.twitter.com/1880Corridor and at http://www.dot.ca.gov/dist4/projects_list.htm#alameda.

Motorists should be reminded to be alert for workers and "Slow for the Cone Zone". Caltrans appreciates your patience as we work to improve the highways.
